

FIRE STATION 31 (NORTHGATE)

10503 INTERLAKE AVENUE NORTH, SEATTLE WA 98133

PROJECT TYPE

New Interim Station

STATIONAL OPERATIONAL DATE

JULY 2021

SITE

LEASED

GENERAL CONTRACTOR

Public bid anticipated November 2020

ARTIST

N/A

ABOUT THE STATION:

October 2019, Seattle Fire, together with FAS and the Mayor's Office, determined that the existing Fire Station 31 no longer met the needs of this growing sector of the City. A new station will be built several blocks to the northeast of the existing station (webpage link). This new interim station will provide the operational base for Fire Station 31 during the design and construction of the new station.

STATION FEATURES:

Two tent structures for the stations' apparatus: Engine 31, Ladder 5, Medic 31 and Aid 31

Two portable building structures for the station house and office accommodating twelve active-duty personnel per shift

Seismic design for essential facilities

Sustainable design meeting Capital Green

Fossil-fuel free facility

INTERIM STATION:

This interim station is scheduled to be operational in July 2021. Fire Station 31 units are currently responding from adjacent neighborhood stations until the new interim station is completed. It is anticipated that firefighters will be working from this station for approximately three years.
